Anethonic cocktail based on Dill Liqueur, gin and tonic. All decorated and flavored with cucumber and mint. Fresh, simple and very summery cocktail. In fact, the Anethonic cocktail is a reworked version of the classic cocktail Gin'Tonic or Gin'To. And yes, feel free to create your own version by adding a liqueur of your choice. For example, you can replace the dill liqueur with the grapefruit liqueur. So you get the **Tonic Pamp**
